

FIRE SUPPORT FIGHTER

DISTINGUISHING FEATURES

The fundamental reason the Fire Support Fighter exists is to perform support in responding to calls for service in assisting and supporting Fire Support members and Rural Metro Firefighters. This is a City of Scottsdale program that is considered secondary to regular employment duties. This classification is non-supervisory and receives general supervision from the Fire Support Lieutenant.

ESSENTIAL FUNCTIONS

Responds to calls for service in assisting and supporting Fire Support members and Rural Metro Firefighters in salvage and overhaul operations, equipment preparation, and other related duties.

Uses various equipment and tools to pull down existing or partially burned walls looking for hot spots; removes or covers items and furniture once fire is out, and assist fire personnel in performing other job tasks as needed.

Participates in fire drills and attends training classes in firefighting and related subjects.

Uses two-way radio to communicate to team members

Maintain regular consistent attendance and punctuality.
